

Product Information

mobiBLU

Model NO. : DAH-1000

- MP3 / WMA Player
- Digital Voice Recorder
- FM Radio & FM Recorder
- Mass Storage USB Drive

Product Specifications

- | | |
|-------------------------------|---|
| - Audio Formats | MP3 (MPEG 1/2-Layer 2/3, 8~320Kbps & VBR files),
WMA (Microsoft Windows Media Audio, 32 ~ 160Kbps & VBR files),
ADPCM for Voice Recording and new formats by Firmware upgrade |
| - Built-in Flash Memory | 128MB / 256MB / 512MB |
| - Music Play time | 8 hours with WMA(64Kbps) & 4 hours with MP3(128Kbps) per 256MB |
| - Voice Recording Time | Upto 18 hours per 256MB |
| - FM Radio Recording Time | Upto 18 hours per 256MB |
| - FM Output Frequency | 87.50MHz ~ 108.00MHz |
| - FM Signal to Noise Ratio | 50dB |
| - FM Output Power | 16Ω / 7mW(Right & Left) |
| - Audio Output Frequency | 20Hz ~ 20KHz |
| - Audio Signal to Noise Ratio | 90dB |
| - Audio Output Power | 16Ω / 7mW(Right & Left) |
| - PC Interface | USB 1.1 |
| - Download Speed | Max. 4Mbps |
| - Power Supply | 1 x 1.5V AAA Alkaline Battery |
| - Battery Life | Lasts about 12 hours continuous playback with 1 x AAA battery |
| - Dimensions (W x H x D) | 40mm x 80mm x 15.2mm (thickness) / 1.57" x 3.15" x 0.60" |
| - Weight | 37g (1.30 Ounces) without battery |

PC System Requirements

- Microsoft Windows 98, ME, 2000, or XP
- Pentium(or Compatible) 200MHz or Higher
- 32MB (64MB for Windows ME or 2000) Main Memory or Higher
- 30MB free hard drive space or Higher
- CD-Rom Drive and USB Port
- Internet Connection for content downloading

Accessories

- | | |
|----------------------------|----------------------|
| - Program CD | - User Manual |
| - Stereo Earphones | - USB Cable |
| - 1 x AAA Alkaline Battery | - Carrying Case |
| - Neck Strap | - Adjustable Armband |

Key Features

Plays MP3 and WMA Music Files and more..

Plays music files of **MP3**(MPEG 1/2-Layer 2/3 with all bit-rate from 8Kbps to 320Kbps & VBR) files, **WMA**(Microsoft Windows Media Audio with all bit-rate from 32Kbps to 160Kbps & VBR) at 44.1Khz Sampling Frequency as well as **ADPCM** for Voice Recording and new formats by Firmware upgrade.

Built-in FM Radio & FM Recorder

Listen to FM Radio with 20 pre-set channels which can be scanned & set automatically and manually. Frequency range is from 87.50MHz to 108.00MHz. Recording quality can be set by user from 32Kbps to 192Kbps. Create your own Audio files by recording FM at the real time.

Integrated Digital Voice Recorder

Built-in high sensitive microphone enables you to record lectures, conferences or voice memo by one-touch button for about 18 hours per 256MB in ADPCM format. Recording quality can be set by user from 32Kbps to 192Kbps. You can upload & listen to your own voice-recorded files with you PC.

USB Mass Storage Drive & No file manager required

You can move your favorite songs or any data files from your PC to the player with **Microsoft Windows Explorer**. You do not need to install Software program for file-management. You can see the player as a removable storage drive at Windows Explorer by Plug & Play. It's simple and easy to upload and download any music any data file.

Firmware Upgradeable

You can upgrade new function-applied firmware anytime by download and installation of the latest version of OS from our website.

Negative Graphic LCD

Negative 4-line Graphic LCD displays various information such as Title of Music, Play-mode, File Format, Battery condition, Volume, Track No., Elapsing time, Repeat, Equalizer Mode, etc.

12 hours continuous playtime

Using one-1.5V AAA Alkaline battery, it lasts about 12 hours. The power turns off automatically to minimize power consumption when the player is not in use. The time will be set by user's configuration (1, 2, 5, 10 or 30 minutes). The sleep mode is available with user's setting of 10, 20, 30 or 60 minutes.

Various Equalizer Modes and 2 User's EQ Modes

You can enjoy CD equivalent quality sound with 7 different equalizer-Modes. Tones are freely adjustable for the modes of Normal, Jazz, Rock, Pop, Classic, User1 and User2. Two-User EQ enables you to set your favorite music tones for the optimized satisfaction with 5-bands.

Portable Storage Device

Say goodbye to diskettes or zip drive. This portable device can save all types of files including text, pictures, programs and, etc.

High-Speed Download

The USB interface enables you download music files quickly with maximum transferring rate of 4Mbps.

Versatile Play-modes and Repeat & Fast Search Function

You can set repeat function for your own section(A-B), one song or entire songs for one time as well as one song or entire songs for continuity, and entire randomized playback. It's available for Fast Search up to 32 times of high speed search (FF/REW).
