Digital Audio Corporation

Accelerated DAC School

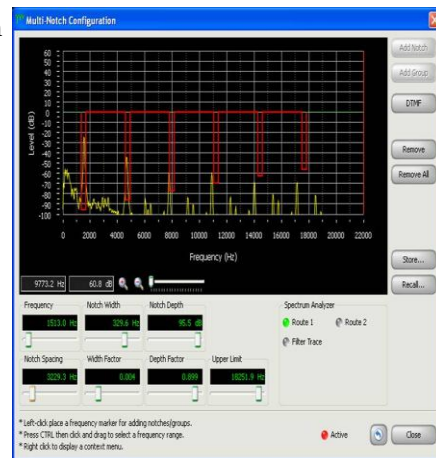

Comprehensive Forensic Audio Training

Accelerated DAC School has been designed for all levels of audio professionals. From beginner to expert, this training will provide the latest in technological advances, audio expertise, and practical real-world application. By attending this course, you will keep your organization informed and up-to-date on technology improvements, new procedural requirements, and challenges that may arise. It also serves as a great way to share ideas and learn from colleagues in the field. Accelerated DAC School is a four-and-a half day comprehensive training course offered twice per year, once in the spring and once in the fall.

Course Outline

- Accreditation procedures discussion
- Forensic acoustics and decoding
- Signal processing theory
- Basic & Advanced audio filters
- Selecting filter parameters
- Software tool familiarization
- Courtroom presentation & reports
- Digital media handling
- Hands-on student project
- Work audio from your current caseload

A certificate will be given to each participant that has demonstrated knowledge of audio enhancement techniques and equipment. The instruction fee is \$995 and does not include transportation, lodging, or food.
