

# FREE PHONE CALL ANYWHERE!

THERE ARE THREE REALLY GOOD WAYS TO MAKE FREE PHONE CALLS ANYWHERE IN THE WORLD WITHOUT GETTING CAUGHT.

1. CALL FROM ANOTHER PERSON'S PHONE LINE.
2. CALL FROM A PAYPHONE.
3. TAP OFF ANOTHER LINE IN A GROUND BOX.

---

ANYTHING RELATED TO THE PHONES IS CALLED PHREAKING. THERE ARE MANY DEVICES OUT THERE DESIGNED BY PHREAKERS TO MAKE THEIR LIVES EASIER. INCLUDING THE BEIGE BOX, BLACK BOX, RED BOX AND MANY MORE. THE BEIGE BOX IS ONE THAT YOU WILL NEED TO BUILD IN ORDER TO CALL FROM A TAP OR EVEN A PAY PHONE. THE RED BOX CAN ALSO BE USED FROM A PAY PHONE TO SIMULATE COINS BEING DROPPED IN THE PHONE.

1. IF YOU ARE GOING TO CALL FROM SOMEONE ELSE'S LINE MAKE SURE THE LINE IS USED ALOT FOR LONG DISTANCE CALLS LIKE A BUSINESS LINE. IF IT IS IN A BUSINESS OR APARTMENT COMPLEX YOU CAN FIND THE MAIN PHONE CLOSET OR PANEL. ONCE YOU FIND THIS YOU JUST CONNECT YOUR BEIGE BOX UP TO SOMEONE ELSE'S LINE AND MAKE YOUR CALLS. TO MAKE A BEIGE BOX SEE DIAGRAM.
2. IF YOU ARE GOING TO CALL FROM A PAYPHONE YOU WILL EITHER NEED WIRE CUTTERS OR A RED BOX. YOU WILL NEED TO CUT THE PHONE LINES GOING INTO THE PAYPHONE AND CONNECT YOUR BEIGE BOX UP TO THEM. MAKE YOUR CALLS. RECONNECT THEM ONCE DONE. TO USE A RED BOX YOU WILL NEED TO FIRST DEPOSIT 25 CENTS TO ACTIVATE THE SPEAKER AND MIC. ONCE THEY ARE ACTIVE YOU CAN USE YOUR RED BOX TO SIMULATE COINS BEING ENTERED IN THE PHONE. TO MAKE A RED BOX SEE DIAGRAM.
3. IF YOU ARE GOING TO TAP OFF ANOTHER LINE IN THE GROUND BOX DO IT AT NIGHT. YOU WILL NEED CHANNEL LOCK PLIERS AND A FLAT HEAD SCREWDRIVER TO GET INTO IT. ONCE IN YOU WILL NEED TO FIND A RED WIRE AND SPLICE INTO IT WITH ONE OF YOUR BEIGE BOX WIRES. START TAPPING INTO OTHER WIRES UNTIL YOU HEAR A GOOD DIAL TONE. MAKE YOUR CALLS. THIS WORKS AS WELL AS ANY OTHER METHOD.

---

ALL OF THE ABOVE METHODS ARE FOOL PROOF IF YOU ARE NOT A FOOL. DO NOT MAKE CALLS ON SOMEONE'S PHONE IF YOU KNOW THEM OR THEY KNOW YOU OR WHO YOU WOULD CALL. DO NOT MAKE CALLS FROM THE SAME GRID AS YOUR OWN, THIS MEANS WITHIN 2 MILES OF YOUR HOUSE UNLESS FROM A PAYPHONE. PLAN YOUR VENTURE WELL TO AVOID GETTING CAUGHT. THESE METHODS WORK EXTREMELY WELL, YOU CAN EASILY GET AWAY WITH 100.00 PER MONTH IN PHONE BILLS NOT BILLED TO YOU. IF YOU ARE GOING TO USE A TAP OR SOMEONE ELSE'S LINE DO NOT MAKE ALL OF YOUR CALLS FROM ONE LINE. ALTERNATE THE DIFFERENT NUMBERS SO THEY WILL NOT BE ABLE TO TRACE YOUR LOCATION OR FIGURE OUT WHO YOU ARE BY CALLING WHO YOU CALL.

---

PARTS FOR BUILDING A BEIGE BOX AND HOW TO BUILD IT:

YOU WILL EITHER NEED A LINE MANS HANDSET OR BUILD ONE, THIS IS WHAT A BEIGE BOX IS.

TO MAKE ONE:

1. GET A PHONE WITH THE BUTTONS BUILT ONTO THE HANDSET.
2. GET A VERY SMALL TOGGLE SWITCH.
3. GET A SET OF SMALL ALLIGATOR CLIPS.
4. GET A NEON LAMP WITH A 500OHM RESISTOR ON IT.

STEPS:

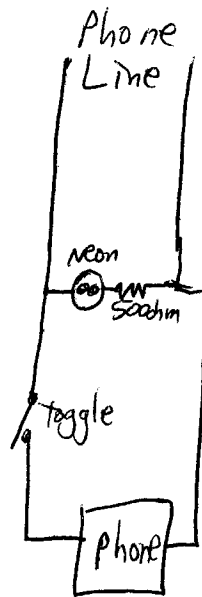

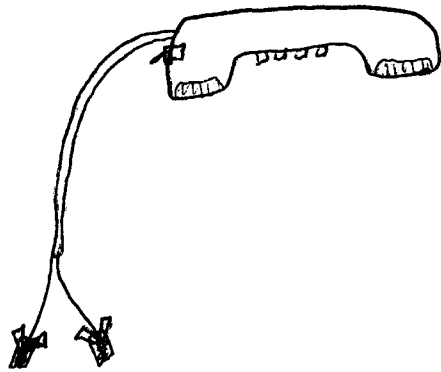

1. TAKE THE PHONE APART.
  2. FIND THE HANG-UP BUTTON AND REMOVE THE WIRES FROM THE PHONES SWITCH AND GLUE THE LARGE BUTTON CONTAINING THE MIC STURDY ONTO THE PHONE SO IT WILL NOT MOVE. CONNECT THE WIRES TO THE TOGGLE SWITCH, THIS WILL ALLOW YOU TO TURN YOUR BOX ON OR OFF AT WILL WITHOUT HAVING TO PUSH IN THE HANG-UP PART OF THE PHONE.
  3. MAKE A HOLE SMALL ENOUGH FOR THE TOGGLE SWITCH AT THE BOTTOM OF THE PHONE IF THERE IS ROOM, PLACE THE SWITCH IN THE PHONE STURDY.
  4. CONNECT A NEON LAMP WITH A 500OHM RESISTOR ON IT TO THE LINE INSIDE THE PHONE, THIS WILL BECOME AN INDICATOR LIGHT TO SHOW IF THE LINE IS HOT OR NOT, OR IF THERE IS ACTIVITY ON THE LINE BEFORE YOU GET ON IT. THIS SHOULD BE CONNECTED BEFORE THE TOGGLE SWITCH ONTO THE LINE, BOTH LINES, IN PARALLEL.
-

5. TAKE THE WALL JACK CONNECTOR OFF THE LINE AND CONNECT ALLIGATOR CLIPS ONTO EACH WIRE, SOLDER THEM AND WRAP WELL WITH ELECTRICAL TAPE TO AVOID THEM FALLING OFF WHILE IN USE.

THAT'S IT, THIS IS A BEIGE BOX...DO NOT PERFORM ILLEGAL ACTIVITY WITH IT....

---

DIAGRAM OF BEIGE BOX:

## PARTS FOR A RED BOX AND HOW TO MAKE ONE:

YOU ARE GOING TO NEED THE COIN TONES BEFORE YOU CAN GET STARTED ON ANYTHING. LOOK ON THE INTERNET FOR A PROGRAM THAT SIMULATES DIFFERENT TONES FROM PHONES OR COIN DROPS IN PAY PHONES. SEARCH UNDER HACKING, PHREAKING, RED BOX, ETC... THE PROGRAM IN PARTICULAR HAS LOTS OF TONES FOR DIFFERENT BUTTONS OR SOUNDS FROM PAYPHONES. INCLUDING THE COINS BEING DROPPED. FIND THIS PROGRAM FIRST THEN CONTINUE BUILDING YOUR BOX.

### PARTS:

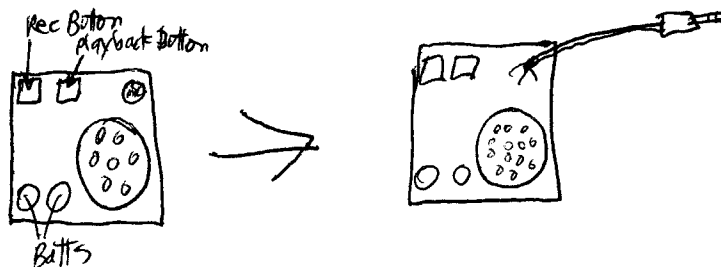

1. CHIP RECORDER, CAN BE BOUGHT AT WALMART IN THE TOY SECTION. KIDS CAN RECORD THEIR VOICE OR MESSAGES ON THEM AND PLAY THEM BACK. USES TWO OR THREE WATCH BATTERIES, ALSO SOLD IN RECORDABLE BIRTHDAY CARDS FROM HALLMARK. GET ONE.
2. 3.5MM STEREO JACK WITH CORD.
3. SOUND BLASTER 16 OR BETTER FOR YOUR COMPUTER.
4. SPEAKER OUT OF A PHONE AUTODIALER...OR SOME OTHER SMALL HIGH CLARITY SPEAKER.

### STEPS:

CONNECT THE 3.5MM JACK UP THE MIC INPUT ON THE RECORDER. CONNECT THIS TO YOUR SOUND BLASTER AND TRY TO RECORD THE SOUND OF A QUARTER BEING DROPPED INTO THE PHONE, IT IS A CERTAIN FREQUENCY PATTERN THAT MUST BE USED ONLY. ONCE RECORDED, DISCONNECT AND REMOVE THE JACK. MAKE SURE YOUR SPEAKER IS CONNECTED IN PLACE OF THE ONE IT COMES WITH. YOU CAN PLACE YOUR OWN PUSH BUTTON SWITCH IN PLACE OF THE ONE IT COMES WITH IF YOU WANT. IT MAKES THINGS ALOT EASIER.

---

WE AT UUE ARE NOT RESPONSIBLE FOR YOUR ACTIONS. DO NOT PERFORM ILLEGAL ACTIVITY WITH ANY INFORMATION OBTAINED FROM UUE.

# RED BOX / FREE PHONE CALLS

REVISION ADDED TO ORIGINAL PLANS...USE THIS WISELY PLEASE...

---

GOTO RADIO SHACK AND BUY A 33 MEMORY PHONE DIALER...IT WILL COST AROUND \$25.00. IT HAS THREE MEMORY BUTTONS AT THE TOP AND TWO SWITCHES ON THE SIDE. IT TAKES THREE AAA BATTERIES.

---

OPEN IT UP AND REPLACE THE PIEZIO CERAMIC RESONATOR WITH A 6.5 OR 6.5536MHZ CRYSTAL. IT LOOKS LIKE HALF OF A CHICKLET AND IT IS LIGHT BROWN AND HAS Z3.58M WRITTEN ON IT...DESOLDER IT AND SOLDER THE CRYSTAL IN IT'S PLACE. THAT IS IT...

---

UUE SELLS AN UPGRADED KIT WITH ADDITIONS, LIKE A THREE POSITION SELECTOR SWITCH FOR NORMAL MODE AND RED BOX MODE. THE KIT COMES WITH A DIALER, CRYSTAL AND SWITCH ALREADY MOUNTED. THE KIT IS ONLY \$60.00+\$5.00S/H. [HTTP://WWW.ACCESS1.NET/NINTEACH](http://WWW.ACCESS1.NET/NINTEACH)

---

THE \* IS THE BUTTON YOU WILL USE FOR GENERATING THE CORRECT TONE FOR .05 CENTS. SO YOU MUST TURN IT ON. PLACE THE LOWER SWITCH ON STORE. PRESS MEMORY ONCE. PRESS THE \* KEY FIVE TIMES. PRESS MEMORY AGAIN. PRESS P1. PUT THE SWITCH BACK TO DIAL. TEST IT...PRESS P1 AND LISTEN. YOU SHOULD HEAR FIVE CONTINUOUS TONES REPRESENTING A QUARTER. FOLLOW THESE STEPS TO MAKE P2 AND P3 REPRESENT MORE MONEY FOR LONG DISTANCE CALLS.

FOR P2 TO REPRESENT \$1.00...

TURN ON. SWITCH ON STORE. PRESS MEMORY ONCE. PRESS \* FIVE TIMES. PRESS 1 ONCE. PRESS \* FIVE TIMES. PRESS 2 ONCE. PRESS \* FIVE TIMES. PRESS 3 ONCE. PRESS \* FIVE TIMES. PRESS MEMORY ONCE. PRESS P2. SWITCH BACK TO DIAL. THERE YOU HAVE IT. P2 IS NOW PROGRAMMED TO BE \$1.00.

---

AND SO ON...AND SO FORTH...

---

IT WILL WORK ON 99% OF BELL OR GTE PAYPHONES...EVEN OTHER BRANDS TOO...IT'S FREE MONEY, RIGHTFULLY OWED TO YOU...

---
