## YACHT BOY 400PE AM/FM/SW RADIO

Power, performance, and design have reached new heights! The Grundig Yacht Boy 400 Professional Edition, with its sleek titanium look, is packed with features like no other compact radio in the world. The Grundig 400PE does it all; pulls in AM/FM-stereo and shortwave. SSB circuitry allows for reception of shortwave single sideband two-way communications such as amateur radio (HAM radio).

- PLL synthesized tuning for rock-solid frequency stability.
- FM-stereo with headphones or external powered speakers.
- No tuning gaps in its shortwave receiver mean that all frequencies can be accessed.
- Single sideband (SSB) circuitry for reception of shortwave long distance two-way communication such as amateur radio, marine and aeronautical.
- Randomly programmable memory presets allow for quick access to favorite stations.
- The LCD shows display of time, frequency, band, automatic turn-on, and sleep timer.
- Liquid crystal display (LCD) shows time and clock/timer modes / Dual alarm modes: beeper & radio / Dual clocks show time in 24 hour format / Sleep timer programmable in 10 minute increments to 60 minutes.
- Phase-lock-loop tuning.
- Tunes both upper and lower sideband with infinite tuning.
- User selectable tuning steps: 1khz/5khz in SW; 1khz/9khz/10khz in MW; 1khz/9khz in LW.
- User selectable wide/narrow bandwidth filter.
- DX/Local switch.
- Hi/Low tone option.
- Switchable 9khz/10khz scan rates on MW (the AM broadcast band) for use in both North America and Europe.
- FM-stereo with mono option.
- Telescopic antenna for FM and shortwave reception / Built-in ferrite antenna for MW and LW / External antenna for shortwave can be connected via the built-in receptacle.

DIMENSIONS: 7 3/4"W x 4 5/8"H x 1 3/8"D

WEIGHT: 1 lbs. 5 oz.

UNSURPASSED POWER, PERFORMANCE & PORTABILITY.

## Yacht Boy 400PE AM/FM/SW Radio

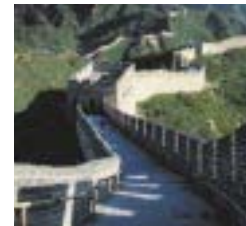

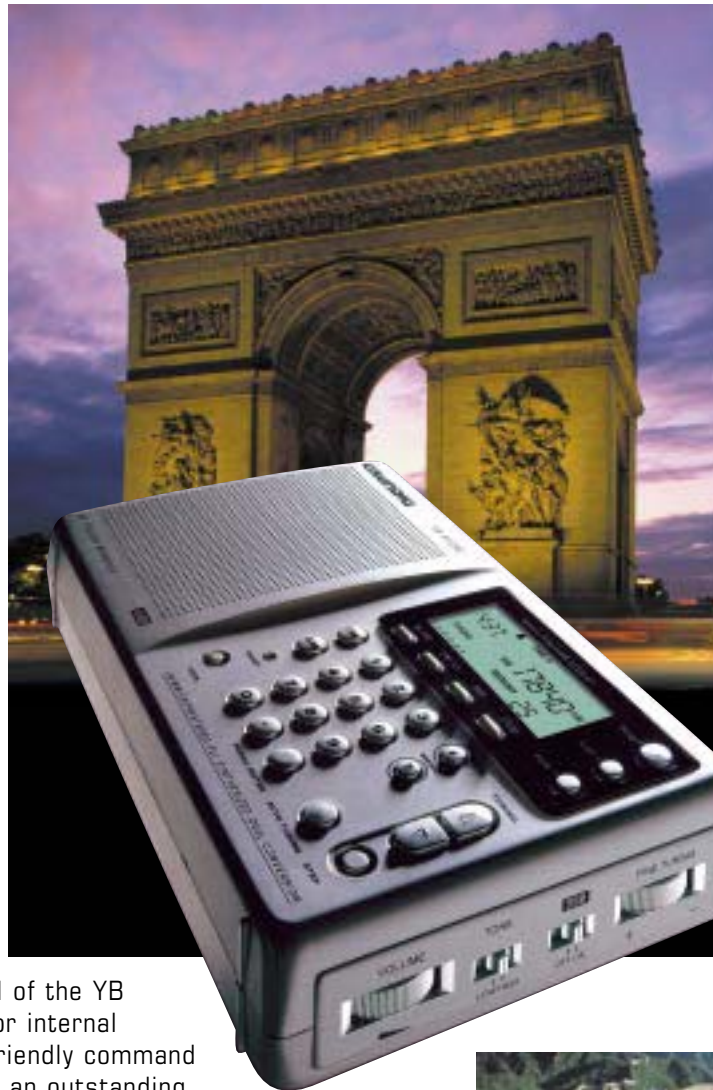

Legendary Sound... The renowned expertise of Grundig engineering and advanced technology is exemplified in the YB 400PE. Heralded by professionals as one of the finest world band receivers available today, the YB 400PE is a traditional winner in performance tests conducted by respected journals the world over. But that is not to say the YB 400PE is too sophisticated for the average consumer. On the contrary, its sophistication is precisely why this radio is so popular with beginners, as well as dedicated shortwave enthusiasts and professional users. The YB 400PE is, without question, an engineering work of art. Rich tones. Exciting realism. Exacting precision. Dependable performance.

All serving as reinforcement of Grundig's international reputation for unsurpassed quality. Just as German automobiles are

legendary for their quality, so it is with Grundig Receivers. Infinite Control. Ultimate performance. Grundig obsession with precision is evidenced in every detail of the YB 400PE. From its superior internal electronics to its user friendly command center, the YB 400PE is an outstanding tribute to the abilities of its makers. One need only try it to appreciate the control and performance, but to own one gives full realization to its true and lasting value. A whole world of entertainment and information.

The YB 400PE goes anywhere... plays anywhere.

## Features:

- Direct digital keypad tuning
- Illuminated multifunction LCD display
- 40 user-set station memories
- Continuous shortwave tuning from 1.6-30 MHz
- Shortwave autoscan tuning
- DX/local selector
- Single sideband (SSB) reception of shortwave two-way communications
- AM/FM (FM stereo with earphones)
- Dual clocks show 2 time zones
- Radio or buzzer alarm
- Sleep timer adjustable in 10-minute increments up to 60 minutes
- Titanium-look finish
- Telescopic antenna
- External antenna (plugs into antenna jack)
- Dynamic micro speaker
- Earphone jack
- 9-volt Grundig AC adapter
- Requires six AA batteries
- Measures: 7 3/4"W x 4 5/8"H x 1 3/8"D
- Weight: 1 lbs. 5 oz
- One year warranty
- Shortwave listening guide
